About AICTRD

All India Council of Technical Research & Development, was founded in 1963 in Pune, and later established as a channel partner to the universities across North India with team 9 Technical persons who did their doctorate in engineering. Initially they were assisting students in their final projects. In 1975 they expanded in to management and paramedical research development. In the year 1986, then Congress Govt, introduced a New National Policy on Education, AICTRD was one of the main pillar in channelizing its mission in the south rural regions among the Scheduled Tribes and Scheduled Communities. Now AICTRD is a non-profitable body dedicated to help the India and International students, Immigrants & refugees to achieve their educational and career goals.

Mission

o   To act as a bridge between the students and the universities thereby meeting immigration parameters
o   To guide students and professionals throughout the embassy process and help in documentation
o   To test the foreign language capability and providing necessary feedback to the applicants
o   Automate the quality assessment processes at each step to ensure continuous guidance to applicant
o   Provide timely reports to subordinate reflecting satisfactory performance and areas that needs enhancement.

Vision

- To make everyone experience their potential, professional skills and acquire education around the world
- To impart Indo cultural ethos and values among global audience
- To collaborate best technical & management practices and make India technologically ahead

Why AICTRD

An AICTRD Report card, lists the educational credentials you have earned, and provides an expert opinion that compares them to similar credentials offered by other international institutions. This report gives confidence to the employers, educational institution as it is more authentic and confidential as it's legitimate as per Indian laws.

It tells employers how your credentials are evaluated up to global standards, and helps schools and colleges decide if and how you can continue your education. It can be used in some cases to obtain a licence to practice a profession, or to get certified in a particular field. In other words, an AICTRD Report can take you to next level in your profession or academics.

How to Apply?

Fields will be given

Place your request   /Our co-coordinator will reach you   / submit your credentials

Mail to: applyto@aictrd.in

Get Equivalence from AICTRD

AICTRD follows transfer credit based ranking based on three parameters and evaluates through point system. In India the system of education differs from state to state and also based on the method of education. Hence AICTRD, provides in equivalence certificates for the education program obtained by the institution. It also applies Transfer of credits for students who have done their schooling through open education or distance education.

Our Process
